CAREER OBJECTIVES:

- Aspiring to become a Software Development Engineer (SDE) with expertise in Java, passionate about building scalable and secure applications using Spring Boot and React.js. Seeking an opportunity to apply my skills, contribute to innovative projects, and advance in backend development.

EDUCATION

Shridevi Institute of Engineering and technology   **2022 – 2026**
BE in Computer Science and Engineering - **7.6**   *Tumkur, India*

Mahesh PU College   **2020 – 2022**
PCMB   *Tumkur, India*

Mycemco English School   **2010 – 2020**
Board   *Tumkur, India*

TECHNICAL SKILLS

Languages: Java, C, HTML,CSS,SQL
Developer Tools: VS Code, Eclipse
Technologies/Frameworks: Spring framework,Git,GitHub,NodeJS, MySQL

PROJECTS

Decentralized Document Verification Using Blockchain |

- Developed a blockchain-based system for secure and tamper-proof document verification, eliminating the need for intermediaries,using Solidity, Truffle, Ganache, Node.js, IPFS. Blockchain verification ensures document authenticity and prevents tampering with immutable audit trails.

Education Website- Java full stack ⎘ |

- Developed an education website using HTML, CSS, JavaScript, Java, Spring Framework, and MySQL, deployed on Apache Tomcat. Implemented secure user authentication, session management, and database integration. Designed a responsive UI and handled backend logic using Spring Framework and Java Servlets.
-

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

State-Level Exhibition Winner — Won 10,000 Prize

- Selected from **Taluk Level → District Level → State Level** for an innovative hardware project in 10th grade.

Hackathon Participant

- ● Dayanand Sagar University — Attended to enhance problem-solving and teamwork skills

CERTIFICATIONS

- **Programming in Java:.- NPTEL**
- **Java:** Core Java + REST API with Spring Boot. Java 8 to 16.**- Udemy**
- **Python:** Introduction to Python.**-Infosys Springboard**
- **Python** Basics of Python **- Infosys Springboard**
